Acrylic Safety Screens

Made from 1/4" clear acrylic with machined edges. Flame-polished edges available as an upgrade option. We also offer solid surface or laminated wood bases along with a variety of mounting brackets to meet most needs. We can manufacture custom sizes and shapes for any application with lead times of 2 - 3 weeks or less. Call 404.363.1665 or email orders@claytonfixture.com

Our standard 18" wide x 36" tall screen with 12" wide x 10" tall pass-through. Ships flat-packed, easy assembly without tools

Choice of triangular or semi-circular support feet

Custom multi-station unit with solid surface base - simple assembly requires no tools

18" wide x 36" tall with woodgrain laminated base

24" x 24" hanging screen with grid-ceiling mounting kit
